ATTACHMENTS - FACTORY AND FIELD INSTALLED

A short description and recommendation of some of the various factory and field installations is given. This is done to help the sales person to recommend the best combination of equipment to the customer.

Please note that the information, codes bundle numbers are given for reference only, the current price list must be the only official ordering document.

Where factory installation codes or field installation bundle numbers were not available, they will be made available as soon as possible.

1 HYDRAULICS

1.1 SELECTIVE CONTROL VALVES - SCV

5015 Series tractors can be equipped with versatile spool-type selective control valves.

Up to four auxiliary remote valves can be fitted in a vertical stack at the rear of the tractor.

These multi-function, standard remote valves ensure maximum productivity and efficiency.

Code	Bundle	Description
	ER067600	Field Installation Kit single-acting / double-acting SCV at Position 2

Models: 5215F - 5615F, 5215V - 5615V

Code	Bundle	Description
	ER067602	Field Installation Kit double-acting SCV at Position 2 with FLOAT

Models: 5215F - 5615F, 5215V - 5615V

Code	Bundle	Description
	ER067601	Field Installation Kit double-acting SCV at Position 3 with FLOAT

Models: 5215F - 5615F, 5215V - 5615V

1.2 CONVERSION KIT

This field installation kit allows the single acting SCV with detent in flow position (ER200661 - up to tractor serial number 202908) to be converted to the new single acting SCV with detent in flow position (ER201802 - from tractor serial number 202909).

This new SCV allows the oil supply to the side mounted quick coupler.

Code	Bundle	Description
	ER067633	Conversion kit for selective control valve ER200661

Models: 5215F - 5615F, 5215V - 5615V

Note: up to tractor serial number 202908

1.3 HYDRAULIC ADJUSTABLE LIFT ROD

A hydraulically adjustable lift rod is available for all F&V tractors.

The old lift rod is replaced by a double-acting cylinder which is operated by one of the double-acting SCV's.

The hydraulic lift rod allows a vertical compensation of the lower links when working on hillside vineyards or orchards.

Code	Bundle	Description
9260	ER067609	Hydraulic Lift Rod Field Kit (right hand side)

Models: 5215F - 5615F, 5215V - 5615V

Note: This field kit requires a minimum of 2 double-acting SCV's.

1.4 HYDRAULIC ADJUSTABLE LOWER LINKS

5015 F&V tractors offer hydraulically adjustable lower links.

Sway blocks move out when the drivers operates the hand pump lever. This limits the side sway of the links and moves them outwards.

As a visible benefit of this field kit, rear implements can be stabilized in the centre position while working in hilly conditions.

Code	Bundle	Description
9205	ER067622	Hydraulic Adjustable Lower Links

Models: 5215F - 5615F, 5215V - 5615V

2 MISCELLANEOUS

2.1 OPERATOR'S STATION

Rear Wiper

The rear window has the provision to mount a rear wiper unit.

Code	Bundle	Description
9171	ER201625	Rear Wiper Field Kit

Models: 5215F - 5615F

Mirrors

Second mirror located on the right-hand side of the ROPS for excellent rear visibility.

Code	Bundle	Description
9501	ER066432	2nd mirror on the RH side of 2-post ROPS

Models: 5215F - 5615F, 5215V - 5615V (only for tractors with 2-post ROPS)

Active Carbon Filtration System

For the 5015 Series is an active carbon filtration system available. This option minimizes the health risk when spraying or dusting crops with hazardous materials. The twin air filters are located on both sides of the cab roof, away from the dust areas created by the rear wheels.

Thumbscrews hold in place both filters and can be easily removed for cleaning from the outside of the cab without the need of tools.

Code	Bundle	Description
	ER200791	Carbon Activated cab filters

Models: 5215F - 5615F, 5215V - 5615V

2.2 WEIGHTS

Quick-tatch weights

Code	Bundle	Description
	AL71258	Set of 20 quick-tatch weights, 50 kg each

Models: 5215F - 5615F, 5215V - 5615V

Note: includes 10 x 50 kg left (L38449) and 10 x 50 kg right (L38450)

Front weight stop kit

Code	Bundle	Description
	AL119964	Front weight stop kit, 2 x 50 kg

Models: 5215F - 5615F, 5215V - 5615V

Mounting kits

For 6, 8, 10 quick-tatch weights

Code	Bundle	Description
	AL119967	Mounting parts for 6, 8, 10 quick-tatch weights

Models: 5215F - 5615F, 5215V - 5615V

2.3 CHASSIS PARTS

Front Fenders

Bad weather conditions and heavy duty applications often result in dirty windows, soiled operator's platform and steps. A solution to improve such working conditions are front fenders which protect your tractor against mud and dirt.

Front Fenders for 2WD tractors

The 2WD version has an optional durable two support front fender design, providing protection to the windows, body work and engine from dust and mud.

Code	Bundle	Description
	ER066436	2WD Front Fenders

Models: 5215F - 5615F, 5215V - 5615V

Front Fenders for 4WD tractors

Code	Bundle	Description
	ER066437	4WD Front Fenders

Models: 5215F - 5615F, 5215V - 5615V (only for tractors with 4WD)

Rear Fender Extensions

These fender extensions helps to keep doors, windows and other exterior areas of the cab clean.

Code	Bundle	Description
9111	ER065699	Rear Fender Extensions for 28" tires (rubber)

Models: 5215F - 5615F

Note: On tractors without cab it is not necessary to remove wheel and fender.

Code	Bundle	Description
9116	ER067554	Rear Fender Extensions for 28" tires (rubber)

Models: 5215V - 5615V

Note: On tractors without cab it is not necessary to remove wheel and fender.

2.4 BRAKES

Hydraulic trailer brake valve

The field kits below permit the tractors to be retro-fitted with an hydraulic trailer brake valve.

Code	Bundle	Description
9252	ER067599	Hydraulic trailer brake valve, EEC

Models: 5215F - 5615F, 5215V - 5615V

Note: not for Italy

Code	Bundle	Description
9253	ER067629	Hydraulic trailer brake valve, EEC (ITALY)

Models: 5215F - 5615F, 5215V - 5615V

Note: for Italy only; including CUNA D2 Hitch

2.5 HITCHES AND ASSOCIATED EQUIPMENT

Wagon hitches

Code	Bundle	Description
	ER196459	Hitch coupling, CUNA D2

Models: 5215F - 5615F, 5215V - 5615V

*Note: please order in addition if required:
ER040575 (pin fastener)*

Piton Fix

Code	Bundle	Description
	ER196461	Piton Fix

Models: 5215F - 5615F, 5215V - 5615V
